Caution Notice

This procurement is being solicited under the Federal Acquisition Regulations FAR subpart 13.5-Test Program for Certain Commercial Items and the Federal Reform Act of 1996.

This is an Indefinite Quantity Contract (IQC) Solicitation. This solicitation contains an Option to Extend Performance for an additional two **separate** (2) one year options. Offerors **MUST complete DSCP 52.217-9I05 “Option to extend the Term of Contract-Notice of EPA Provision”** of this solicitation in order to be considered if the Government elects to accept initial offer without discussions.

The base period of the Indefinite Quantity Contract (IQC) resulting from this solicitation will be two (2) years. The estimated quantities set forth in the schedule are estimated “ANNUAL” quantities (one year Estimates). The estimated value of this solicitation and the resulting contract(s) will be two (2) times the estimated annual value. See Clause DSCP 52.216-9I29 contained in the Addendum to FAR 52.212-4 for further guidance.

Solicitation SP0500-03-R-0080 seeks to place as many competitive close tolerance screws under long-term contract as possible. The solicitation initially contains 104 NSNs. Each item will be awarded individually, based on Best Value procedures. The Defense Supply Center Philadelphia reserves the right to award this solicitation to multiple contractors.

After award, the Defense Supply Center Philadelphia anticipates expanding and managing contracts via the ADDITION AND DELETION OF ITEMS – DEC 2001. Competitive Close Tolerance Screws will be **added** to existing contracts. These additional items(s) will be awarded on a post award basis via Supplemental Agreement to the Contractor(s) whose price and delivery is most advantageous to the Government on an **item by item basis.** (Note: The Government reserves the right to add items not found in this listing, but which fall within the scope of the contract.).

DSCP 52.232-9I10, “Submission of Invoice by Electronic Methods,” has been added by reference to the Addendum to FAR 52.212-4.

Note: Although an offeror must comply with the minimum requirements of the solicitation in order for its offer to be acceptable, an offeror may offer the Government terms and/or conditions that exceed those cited in this solicitation. Under “Best Value” procedures, the Government will take into consideration such better terms and conditions when selecting a contractor, and will then perform a technical and price tradeoff evaluation to determine which offer represents the “best value” to the Government. For this solicitation, technical merit is equal to price.

This procurement also contains Surge Requirements. Each offeror will be required to submit a Surge Plan with its initial offer. Surge requirements are unanticipated demands for accelerated delivery of supplies or services within industrial capabilities during wartime, and during peacetime emergencies. This includes the ability of the supplier to ramp-up quickly to meet early requirements as well as to sustain the increased pace throughout the emergency. An acceptable Surge Plan shall become part of any forthcoming contract. Offerors should refer to the Addendum to FAR 52.213-4, 43.212-1 and 52.212-2 for clauses, and a schedule of Surge Requirements.

An offeror’s acceptance of the option provision is **mandatory**. Failure to accept the provision will result in an offer being eliminated from further consideration.

**FAR 52.212-4 CONTRACT TERMS AND CONDITIONS – COMMERCIAL ITEMS
(FEB 2002)**

(a) *Inspection/Acceptance.*

The Contractor shall only tender for acceptance those items that conform to the requirements of this contract. The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The Government may require repair or replacement of nonconforming supplies or reperformance of nonconforming services at no increase in contract price. The Government must exercise its post-acceptance rights (1) within a reasonable time after the defect was discovered or should have been discovered; and (2) before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

(b) *Assignment.*

The Contractor or its assignee may assign its rights to receive payment due as a result of performance of this contract to a bank, trust company, or other financing institution, including any Federal lending agency in accordance with the Assignment of Claims Act (31 U.S.C. 3727). However, when a third party makes payment (e.g., use of the Governmentwide commercial purchase card), the Contractor may not assign its rights to receive payment under this contract.

(c) *Changes.*

Changes in the terms and conditions of this contract may be made only by written agreement of the parties.

(d) *Disputes.*

This contract is subject to the Contract Disputes Act of 1978, as amended (41 U.S.C. 601-613). Failure of the parties to this contract to reach agreement on any request for equitable adjustment, claim, appeal or action arising under or relating to this contract shall be a dispute to be resolved in accordance with the clause at FAR 52.233-1, Disputes, which is incorporated herein by reference. The Contractor shall proceed diligently with performance of this contract, pending final resolution of any dispute arising under the contract.

(e) *Definitions.*

The clause at FAR 52.202-1, Definitions, is incorporated herein by reference.

(f) *Excusable Delays.*

The Contractor shall be liable for default unless nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after the commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch, and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

(g) *Invoice.*

(1) The Contractor shall submit an original invoice and three copies (or electronic invoice, if authorized) to the address designated in the contract to receive invoices. An invoice must include--

- (x) Electronic funds transfer (EFT) banking information.

(A) The Contractor shall include EFT banking information on the invoice only if required elsewhere in this contract.

(B) If EFT banking information is not required to be on the invoice, in order for the invoice to be a proper invoice, the Contractor shall have submitted correct EFT banking information in accordance with the applicable solicitation provision, contract clause (e.g., 52.232-33, Payment by Electronic Funds Transfer-Central Contractor Registration; or 52.232-34, Payment by Electronic Funds Transfer-Other Than Central Contractor Registration), or applicable agency procedures.

- (h) *Patent Indemnity.*

The Contractor shall indemnify the Government and its officers, employees and agents against liability, including costs, for actual or alleged direct or contributory infringement of, or inducement to infringe, any United States or foreign patent, trademark or copyright, arising out of the performance of this contract, provided the Contractor is reasonably notified of such claims and proceedings.

- (i) *Payment.*

Payment shall be made for items accepted by the Government that have been delivered to the delivery destinations set forth in this contract. The Government will make payment in accordance with the Prompt Payment Act (31 U.S.C. 3903) and Office of Management and Budget (OMB) prompt payment regulations at 5 CFR part 1315. If the Government makes payment by Electronic Funds Transfer (EFT), see 52.212-5(b) for the appropriate EFT clause. In connection with any discount offered for early payment, time shall be computed from the date of the invoice. For the purpose of computing the discount earned, payment shall be considered to have been made on the date which appears on the payment check or the specified payment date if an electronic funds transfer payment is made.

(j) *Risk of Loss.*

Unless the contract specifically provides otherwise, risk of loss or damage to the supplies provided under this contract shall remain with the Contractor until, and shall pass to the Government upon:

- (1) Delivery of the supplies to a carrier, if transportation is f.o.b. origin, or
- (2) Delivery of the supplies to the Government at the destination specified in the contract, if transportation is f.o.b. destination.

(k) *Taxes.*

The contract price includes all applicable Federal, State, and local taxes and duties.

(l) *Termination for the Government's Convenience.*

The Government reserves the right to terminate this contract, or any part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work hereunder and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, the Contractor shall be paid a percentage of the contract price reflecting the percentage of the work performed prior to the notice of termination, plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government using its standard record keeping system, have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred which reasonably could have been avoided.

(m) *Termination for Cause.*

The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

(n) *Title.*

Unless specified elsewhere in this contract, title to items furnished under this contract shall pass to the Government upon acceptance, regardless of when or where the Government takes physical possession.

(o) *Warranty.*

The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.

(p) *Limitation of Liability.*

Except as otherwise provided by an express warranty, the Contractor will not be liable to the Government for consequential damages resulting from any defect or deficiencies in accepted items.

FAR 52.212-4 (continued)

(q) *Other Compliances.*

The Contractor shall comply with all applicable Federal, State and local laws, executive orders, rules and regulations applicable to its performance under this contract.

(r) *Compliance with Laws Unique to Government Contracts.*

The Contractor agrees to comply with 31 U.S.C. 1352 relating to limitations on the use of appropriated funds to influence certain Federal contracts; 18 U.S.C. 431 relating to officials not to benefit; 40 U.S.C. 327, et seq., Contract Work Hours and Safety Standards Act; 41 U.S.C. 51-58, Anti-Kickback Act of 1986; 41 U.S.C. 265 and 10 U.S.C. 2409 relating to whistleblower protections; 49 U.S.C. 40118, Fly American; and 41 U.S.C. 423 relating to procurement integrity.

(s) *Order of Precedence.*

 - (2) Any order for a combination of items in excess of \$ n/a .
 - (3) A series of orders from the same ordering office within a period of **60 days** that together call for quantities or dollar values in excess of the limitations in (1) or (2) of this Paragraph (c).

- (d) Notwithstanding the maximum order limitations set forth in (c) above, the Contractor shall honor any order exceeding those maximum order limitations, unless that order, or orders, is/are returned to the ordering office within **five days** after issuance, with written or electronic notice stating the contractor's intent not to ship the item or items covered by the order(s) and the reasons therefore. Whereupon, the Government may either (i) reissue the order within the maximum order limitations, or (ii) order the supplies from another source. This notice does not apply to the guaranteed minimum set forth in Paragraph (e) below, which requires the Contractor to deliver any quantity within the guaranteed minimum so long as it is in excess of the minimum order limitation of Paragraph (b).

(e) **Guaranteed Minimum.**

(1) Scope of Guaranteed Minimum

- a. For a contract with a base period of one year, if the minimum guarantee is stated in terms of quantity, the guaranteed minimum will be a percentage of the annual estimated quantity of the item.
- b. For a contract with a base period of one year, if the minimum guarantee is stated in terms of a dollar value, the guarantee will be determined at the time of award and will be a percentage of the aggregate of the annual estimated amounts of the items awarded.
- c. For a contract with a base period of more than one year, if the minimum guarantee is stated in terms of quantity, the guarantee will be a percentage of the annual estimated quantity for each item awarded multiplied by the number of contract years in the base period. For a contract with a base period of more than one year, if the minimum guarantee is stated in terms of a dollar value, the guarantee will be a percentage of the annual estimated value multiplied by the number of contract years in the base period.
- d. The minimum guarantee for any option period will be a percentage of the annual estimated quantity for each item covered by the option, if the guaranteed minimum is stated in terms of quantity, or will be a percentage of the annual estimated value, if the guaranteed minimum is stated in terms of dollar value.

- (2) The Government guarantees that it will order under this contract, (and under the contract awarded for any partial set-aside) the following minimum, as applicable:

[] A quantity of each item which represents _____ percent of the annual estimated quantity of the item awarded. (Base period of one year).

[] Supplies which have a dollar value of at least _____ percent of the annual estimated value reflected on Page 1 of the contract/award. (Base period of one year).

[] A quantity of each item which represents _____ percent of the annual estimated quantity of the item awarded multiplied by _____ (Base period of two or more years).

- [X] Supplies which have a dollar value of **at least ten percent** of the annual estimated value multiplied by **two** (Base period of two or more years).
- (3) Subject only to the minimum per order specified in Paragraph (b) above, in the sole discretion of the contracting officer, the guarantee may be placed by a single delivery order or by any number of delivery orders. The maximum quantity per order does not apply until after the guaranteed minimum.
- (4) In the event that a single delivery order covers supplies which are both within the guaranteed minimum and in excess of the guaranteed minimum, the maximum delivery order limitations, in Paragraph (c) shall apply, and the Contractor shall be governed by the notice requirement of Paragraph (d).
- (5) The aggregate of the delivery orders issued during the base contract period will be applied to the minimum guarantee as defined above. When the aggregate of the delivery orders equals or exceeds the guaranteed quantity or guaranteed dollar value, as applicable, the minimum guarantee will have been met, and the Government's obligations with regard to the guarantee will have been satisfied.
- (f) **“Maximum Contract Limitation.”** Notwithstanding any other provisions of this clause or provisions included elsewhere in this solicitation, the maximum quantity or maximum dollar value that may be obligated against this contract is **\$5,000,000.00**.

FAR 52.216-18 ORDERING (OCT 1995)

- (a) Any supplies and services to be furnished under this contract shall be ordered by issuance of delivery orders or task orders by the individuals or activities designated in the Schedule. **Such orders may be issued from effective date of the award through a date exactly two calendar year(s) after the effective date of the award/contract.**
- (b) All delivery orders or task orders are subject to the terms and conditions of this contract. In the event of conflict between a delivery order or task order and this contract, the contract shall control.
- (c) If mailed, a delivery order or task order is considered "issued" when the Government deposits the order in the mail. Orders may be issued orally, by facsimile, or by electronic commerce methods only if authorized in the Schedule.

(End of Clause)

DSCP 52.217-9I05 OPTION TO EXTEND THE TERM OF THE CONTRACT - NOTICE OF EPA PROVISION (ALTERNATE) (JUL 1992) ADDENDUM I DSCP (OCT 1994)

(a) OPTION PROVISION

- (1) At the option of the Government, this contract may be extended for up to, but not exceeding, **two years** beyond the two year base contract years. The total duration of the contract, including the base contract year, shall not exceed **four years**. The option may be exercised in increments of One (1) Year by written notice to the Contractor at least Thirty (30) days prior to the date of expiration of the then existing terms.
- (2) During any term of this contract, whether the base contract year or any option year(s), prices will be subject to adjustment in accordance with the clause of this contract entitled, **EPA Industrial Commodities** (DSCP 52.216-9I25 – MAY 1996). For purposes of the limitation on the aggregate of the increases provided by the applicable EPA clause, such adjustments shall be cumulative but not duplicative. Namely, the aggregate of the increases for orders issued during a contract term shall be governed by the limitation applicable to that contract term, and shall not be duplicated or increased because performance of the order in accordance with the delivery schedule therein causes the adjusting date to fall within a subsequent contract term which has its own limitation on aggregate increases.

(b) TERMS AND CONDITIONS

- (1) The terms and conditions of the contract for and during any period for which the option has been exercised shall be the same as those terms and conditions contained in the contract for the base contract year, subject to any adjustments in the price(s) which are warranted under Subparagraph (a)(2) above.
- (2) THE EFFECTIVE DATE OF THE MODIFICATION by which the option is exercised will be that date on which the then current term of the contract expires. For purposes of establishing the "contract price(s)" subject to adjustment under the clause entitled "Economic Price Adjustment," the "contract price(s)" on the first day of any option period will be the contract price(s) in effect on the last day of the term or period immediately preceding the period for which the option has been exercised.

(c) EVALUATION OF OFFERS

- (1) Offers will be evaluated on the basis of the price(s) submitted for the base contract year only, without regard to the inclusion of this "Option" provision. The reasons are as follows:
 - (i) Offerors are not permitted to offer prices for the "Option" year(s) which differ from those of the base contract year.
 - (ii) This Solicitation and Offer includes a provision for Economic Price Adjustment. Therefore, offerors must submit prices which do not include contingencies for increases in costs.
- (iii) The provision of this Solicitation and Offer pertaining to the Economic Price Adjustment applies to the base contract year and to all "Option" years.

- (2) CAUTION NOTICE - ASSENT TO OPTION PROVISION
OFFERORS MUST SUBMIT OFFERS WHICH INCLUDE THIS OPTION PROVISION, AND MUST INDICATE THEIR ASSENT TO INCLUSION OF THE CLAUSE EITHER BY PLACING AN "X" IN THE BLOCK BELOW, OR BY INDICATING CLEARLY ELSEWHERE IN THE OFFER THAT THEY HAVE READ AND UNDERSTAND THE CLAUSE, AND THAT THEY AGREE TO ITS INCLUSION IN THE RESULTING CONTRACT.

*** ☐ OFFEROR HAS READ AND UNDERSTANDS THE FOREGOING OPTION PROVISION, AND ASSENTS TO ITS INCLUSION IN ANY CONTRACT RESULTING FROM THIS SOLICITATION AND OFFER.**

FAILURE TO INDICATE ASSENT TO THE CLAUSE ABOVE, OR ELSEWHERE IN THIS SOLICITATION AND OFFER, WILL RESULT IN REJECTION OF THE OFFER AS NONRESPONSIVE, AND MAY PRECLUDE CONSIDERATION OF THE OFFER IF THIS IS A NEGOTIATED SOLICITATION AND THE CONTRACTING OFFICER ELECTS TO MAKE AWARD WITHOUT DISCUSSIONS.

ADDENDUM I DISC (OCT 1994)

- ☒ (d) [This paragraph (d) applies if an "X" is indicated in the box provided here and in the appropriate area below and shall take precedence over any provisions of this contract or of this "Option" clause which are inconsistent herewith.]
- ☒ (1) For purposes of this contract there will be more than a one year base contract period; the base contract period will be **two years**. Therefore, where reference may be made elsewhere in this solicitation/contract or in this clause to a one (1) year base contract period, a **two year base contract** period shall apply.
- ☒ (2) The terms and conditions of the contract for and during any period for which the "Option" provision has been exercised shall be the same as those terms and conditions contained in the contract for the **two year** base contract period, except that the Government's Guaranteed Minimum shall be calculated as follows:

(i) **Guaranteed Minimum Expressed in Dollars.**

For each Option year, the Guaranteed Minimum will be equal to an amount represented by that fraction of the base contract period's Guaranteed Minimum which represents one (1) year of the guaranteed amount. For example if the base contract period is three (3) years, the Guaranteed Minimum for each Option year will be equal to one-third of the Total Estimated Guaranteed Minimum Value established for the base contract period.

(ii) **Guaranteed Minimum Expressed in Quantity.**

For each Option year, the Guaranteed Minimum will be equal to that quantity which is that fraction of the quantity of the base contract period's Guaranteed Minimum representing one (1) year of the guaranteed amount. For example if the base contract period is three (3) years, the Guaranteed Minimum for each Option year will be equal to one-third of the Total Estimated Guaranteed Minimum Quantity established for the base contract period.

DSCP 52.216-9I25 ECONOMIC PRICE ADJUSTMENT - INDUSTRIAL COMMODITIES (MAY 1996)

(a) **General.** The unit prices of this contract shall be subject to adjustment periodically as provided herein. Although this contract has a base period of two years with two, one year additional option years, all adjustments will be on the basis of contract calendar year as defined herein.

(b) **Definitions.** The terms used in this clause are defined as specified below:

(1) **Economic Indicator.** The economic indicator for purposes of price adjustments to be made under this clause, will be the preliminary version of the Producer Price Index (PPI), set forth in Table 1081 of the monthly report entitled, "Producer Prices and Price Indexes," published by the Bureau of Labor Statistics (BLS), United States Department of Labor, for the Code Number and Commodity listed below:

CODE NUMBER AND COMMODITY

Code No: WPS 1081 Commodity: Bolts, Nuts, Screws, Rivets, Washers

For the purposes of making price adjustments in accordance with this clause, only the preliminary version of the Producer Prices and Price Indexes report will be used. No additional adjustments will be made based on issuance of the final version of the report.

(2) Contract Date. The term which means the date of award of the contract(s) resulting from this solicitation, as set forth on the first page of the Award/Contract (Standard Form 26).

(3) Contract Calendar Year. The term which means a one (1) calendar year period consisting of twelve (12) calendar months. The first contract calendar year shall commence on the contract date and shall end on a date exactly twelve calendar months thereafter. Each succeeding contract calendar year shall commence on the day immediately following the last day of the preceding contract calendar year. This definition shall apply to yearly periods of the base contract term as well as to any option periods.

(4) Contract Price. For purposes of this contract, the term, "contract price," shall mean:

- (i) For the first Contract Calendar Year, the price(s) shown on the Award/Contract on the Contract Date.

- (ii) For each succeeding Contract Calendar Year, the contract price(s) from the previous Contract Calendar Year appropriately adjusted pursuant to this clause.

(5) Base Price Index. For purposes of price adjustment under this clause, this term shall mean:

- (i) For the First Contract Calendar Year, the PPI for the economic indicator for the month of the Contract Date.

- (ii) For each succeeding Contract Calendar Year, the average PPI for the economic indicator for the preceding Contract Calendar Year, calculated from the month of the contract date through the next succeeding eleven (11) months.

(6) Adjusting Price Index. For purposes of price adjustment under this clause, this term shall mean the average PPI for the economic indicator for the preceding Contract Calendar Year, calculated from the month of the contract date through the next succeeding eleven (11) months.

NOTE: The adjusting Price Index for one Contract Calendar Year becomes the Base Price Index for the next succeeding Contract Calendar Year.

(c) Price Adjustment Periods. Performance of this contract is divided into successive periods designated, "Contract Calendar Years," as defined in Subparagraph (b) (3) above. The anniversary of the First Contract Calendar Year shall be the first day of each succeeding Contract Calendar Year, and shall constitute the "Contract Date" for purposes of establishing the Base Price Index for the ensuing Contract Calendar Year. Further, the calendar month in which the anniversary of the First Contract Calendar Year falls shall be the "month of the contract date" for such purposes.

(d) Price Adjustment. The unit prices under this contract shall be subject to adjustment at the end of each Contract Calendar Year, whether the Contract Calendar Year is within the **two** year base contract term, or is in any "Option" period of the contract. Subject to the limitations set forth in this clause, the prices shall be adjusted by the same percentage that the Adjusting Price Index bears to the Base Price Index. Upon publication of the Adjusting Price Index, the Contracting Officer shall calculate the price adjustment as follows:

- (1) Divide the Adjusting Price Index by the Base Price Index to arrive at a quotient; and,
- (2) Multiply the quotient derived above by the applicable contract unit price(s) for the preceding Contract Calendar Year.

The PPI to be used in calculating the above price adjustment(s) shall be that index for the Code Number and Commodity specified in Paragraph (b) (1) above. If the BLS fails to publish the selected index for the Code Number and Commodity during the preceding

Contract Calendar Year, or if the Code Number and Commodity of the index cease to be relevant with respect to the intent of this clause, the Contractor and the Contracting Officer shall agree on an appropriate method of establishing the Adjusting Price Index. Failure of the Contractor and Contracting Officer to agree on an appropriate Adjusting Price Index shall constitute a dispute within the meaning of the "Disputes" clause of the contract.

(e) Contract Modifications. Subject to the limitations in Paragraph (f) of this clause, at the end of each Contract Calendar Year, the price adjustment(s) to be made hereunder shall be evidenced by a Modification signed by the Contractor and the Contracting Officer. The Modification shall be issued within thirty (30) days of the final day of the preceding Contract Calendar Year, and:

- (1) Shall set forth the unit price(s) as adjusted in accordance with this clause to establish the Contract Price(s) for the ensuing Contract Calendar Year; and
- (2) Shall adjust the unit prices for supplies covered by Delivery Orders which were issued during the preceding Contract Calendar Year, but are undelivered on the first day of the second or other succeeding Contract Calendar Year; and
- (3) Shall adjust the unit prices for supplies covered by Delivery Orders issued between the first day of the second or other succeeding Contract Calendar Year and the date of issuance of the Modification unless already adjusted under (e) (1) above; and,
- (4) Shall set forth an aggregate monetary adjustment, by way of increase or decrease, to cover the net adjustment due either to the Contractor or to the Government for all supplies covered by Delivery Orders under which delivery was completed during the preceding Contract Calendar Year. If the adjustment results in an increase in the price(s), the monies shall be obligated at the time of the mailing of the finalized Modification to the Contractor, and the Contractor shall submit the invoice therefore, with specific reference to the Modification by which the adjustment has been implemented. If the adjustment results in a decrease in the price(s), the Contractor shall submit its check or its credit memorandum in the amount of the decrease within thirty (30) days of the date of the Modification. Failure by the Contractor to remit payment, or to furnish a credit memorandum within the thirty (30) day period, will result in initiation by the Contracting Officer of debt collection procedures, including administrative offset against monies owed by DSCP to the Contractor under this contract or any other contract(s).

ADDENDUM TO FAR 52.212-4 (cont.)

(f) Limitations. Notwithstanding any other provision of this clause, price adjustments hereunder shall be subject to the following limitations:

(1) Any upward economic price adjustment shall not exceed **10 %**. Accordingly, at the end of each Contract Calendar Year when prices hereunder are adjusted to establish the contract price(s) for the ensuing Contract Calendar year such adjustment shall not exceed **10 %**. Further, the aggregate monetary increase under this clause shall not exceed **10 %** of the aggregate value of all Delivery Orders for which delivery was completed during the Contract Calendar Year for which the adjustment applies.

(2) There shall be no limitation on the decreases under this clause.

(g) Disputes. Any disagreement which arises in connection with the administration of this clause shall constitute a dispute under the "Disputes" clause of the contract.

(h) Warranty. The Contractor warrants that, as of the contract date, the price(s) set forth in this contract do not include any contingencies or allowances for increases in the cost of performance related to cost elements which are included in the PPI established by the BLS for the Code No. and Commodity set forth in Paragraph (b) (1) of this clause.

I196 DSCP 52.217-9I16 SURGE OPTION REQUIREMENT (OCT 2001)

Notwithstanding any order limitations specified elsewhere in this solicitation, the contractor must satisfy the surge and sustainment requirements set forth in this clause.

(a) Definition.

Surge Requirements are unanticipated demands for accelerated delivery of supplies or services within existing industrial capabilities during wartime and during peacetime emergencies. This includes the ability of the supplier to ramp-up quickly to meet early requirements as well as to sustain the increased pace throughout the emergency.

(b) Surge Option.

The Government reserves the right to exercise an option under this contract to meet surge requirements on an item by item basis as shown on the attached spreadsheet(s). The Government also reserves the right to accelerate the rate of delivery called for by the contract, if this is a definite quantity contract; or, if this is an indefinite delivery contract, establish an accelerated rate of delivery for orders issued under this option.

(c) Special Terms and Conditions Related to Surge Requirements.

If the Contractor is a manufacturer, the materials needed to produce the surge quantities specified in the attached spreadsheet shall be acquired, stored and managed by the Contractor. If the Contractor is a non-manufacturer, the resources needed (for example, access to raw material, inventories, production capabilities, and transportation services) to provide the surge quantities as specified in the attached spreadsheet shall be obtained by the Contractor. In either case, the Contractor shall maintain and rotate these materials and/or end items and/or continuously maintain access to the resources needed to support surge requirements. The Contractor is contractually obligated to ensure that the capabilities exist to fulfill the surge requirements specified in the attached spreadsheet, if and when the Surge Option is exercised.

The Contractor shall not revise the surge option delivery schedule without the prior approval of the contracting officer.

The contracting officer may exercise this Surge Option at any time prior to acceptance by the Government of the final scheduled delivery under the contract. At his or her discretion, the contracting officer may provide preliminary notification of the exercise of this Surge Option verbally or by written or electronic means, which shall state the quantities to be added or accelerated under the terms of the clause. The preliminary notice will be followed by a Contract Modification incorporating the previously given notice, and establishing a not-to-exceed price, unless a previously agreed to surge option price has been established. The not-to-exceed price shall be the highest contract unit price for the added or accelerated items on the date of the notice.

The prices applicable to the basic contract quantities shall be those prices stated in the Award/Contract. The prices applicable to the surge option quantities shall be the agreed to or not-to-exceed prices mentioned in the preceding paragraph. If an agreed to price has not been established at the time of the exercise of the surge option, no later than thirty (30) days after the date of the exercise of the option, the Contractor shall submit a cost or price proposal, together with justification for the cost/price, including holding or storage costs, for the materials required to produce the added/accelerated items (if the Contractor is a manufacturer), or for the added or accelerated items (if the Contractor is a non-manufacturer). Any failure to agree on a final price applicable to those materials or items within the scope of this Surge Option provision shall be a dispute within the meaning of the Disputes clause of the contract. However, nothing in this clause shall be cause for the Contractor to refrain from performance under the Surge Option pending resolution of any dispute.

The Contractor will not be required to deliver supplies or services at a rate greater than the delivery rate detailed in the attached spreadsheet. Further, no delivery under the exercise of this Surge Option shall be required more than 24 calendar months subsequent to Government acceptance of the final scheduled delivery under the contract.

Example

Final Day of Contract: 31 Dec 01

Final Delivery Order

Issued Under Contract: 30 Dec 01 (Due Date - 31 May 02)

Acceptance of Final

Delivery Order by Gov't: 28 May 02

The Surge Option may be exercised any time up until 28 May 02. No delivery under the Surge Option is required after 28 May 04.

Materials or supplies, up to the maximum surge period quantity cited in the attached Surge Spreadsheet, purchased by the Contractor in anticipation of the exercise of this Surge Option will be purchased by the Government if, during contract performance, the Surge Option is not invoked and the Contractor can demonstrate that the materials or supplies have no commercial market value. If the contract contains a Guaranteed Minimum either in quantities or dollar value, which has not been expended by the conclusion of the contract, payment(s) toward such guaranteed minimum shall be applied against the Contractor's claim for reimbursement of such purchases.

(d) Surge Testing.

The Government reserves the right to perform surge tests, or to require the contractor to conduct surge tests, to validate the surge capabilities (i.e., ability to ramp up quickly, to sustain a required level, or both) as described in the contractor's surge and sustainment plan. These tests may be paper exercises, simulations, participation in live exercises, participation in Joint Chiefs of Staff (JCS) and Commander-in-Chief (CINC) exercises approved in the DLA Joint Training Plan, or any other methodology that can validate the contractor's surge and sustainment capability. Within one week after conduct of the test, the Contractor shall submit to the contracting officer a validation results report that clearly describes performance under the test, identifies all deficiencies found, and provides a plan of action to remedy these deficiencies.

ADDITION AND DELETION OF ITEMS – (DEC 2001):**Additions by the Government**

The scope of this contract includes item(s) 0001 thru 0104. It is the intention of the Government to add 2555 items, located at <http://www.dscp.dla.mil/gi/general/scp.htm> to the contract that fall into this category. Items may be added during the base or option periods of this contract.

*If the Government makes multiple awards under this solicitation, additional item(s) will be awarded on a post-award basis via supplemental agreement to the Contractor(s) whose price and delivery is most advantageous to the Government on an item-by-item basis as follows: Item description(s) will be provided to ALL successful awardees for their review and timely submission of price and delivery information. The Contractor **MUST** provide complete information should the Government elect to place these items on contract without negotiation.*

Additions by the Contractor

During any period of this contract, the Contractor may propose changes to any item covered by this contract, or may propose a substitute item for an item specified by the contract. If an added item is coded a Safety Critical Item (SCI), or is a Critical Application Item (CAI), the Contractor must furnish an item which is in strict accordance with the technical requirements specified in the Contract Technical Data File (CTDF), as designated by the specific National Stock Number (NSN). Any changes to such an item may be made only with the prior approval of the Military Service having technical cognizance of the item (the Engineering Support Activity (ESA)). In this case, the Contractor shall comply with the procedure for submission of a complete Technical Data Package (TDP).

Administration of Additions Under this Clause

Additions of item(s) under this clause shall be negotiated including price, and delivery between the Government and Contractor and will be incorporated into the Contract via Supplemental Agreement. Within ten (10) days after the Contractor's receipt of the Contracting Officer's request that an item or items be added to the contract, the Contractor must respond. After execution of the Supplemental Agreement, the Contractor will be given a "ramp-up" period of 140 days to manufacture or otherwise obtain the newly added item(s).

Deletions by the Government

The Government reserves the right to delete any item(s) from the contract. These items may be deleted due to changing demand patterns, obsolescence, product substitution or because they no longer have application.

Deletions by the Contractor

The contractor shall notify the Government of any items it has determined to be obsolete or superseded and which therefore should be deleted from the contract. This notice shall advise how the superseding item meets the form, fit and function requirements of the superseded item. If the obsolete item has no replacement, the notice shall include information concerning the availability of alternate sources or substitute item(s).

Administration of Deletions Under this Clause:

As soon as practicable after receipt of a deletion notice from the Contractor, the Contracting Officer will, if accepting the contractor's recommendation, modify the contract accordingly. In the case of Government-requested deletions, the Contractor shall be given a sixty (60) day advance notice of any deletions. Deletions shall be effected by Supplemental Agreement. Within ten (10) days after receipt of the Supplemental Agreement, the Contractor shall notify the Contracting Officer whether the deletion is at no cost to the Government or if termination costs will be involved. If termination costs will be involved, the Contractor shall submit its claim within forty-five (45) days after receipt of the Supplemental Agreement.

FAR 52.212-5 CONTRACT TERMS AND CONDITIONS REQUIRED TO IMPLEMENT STATUTES OR EXECUTIVE ORDERS – COMMERCIAL ITEMS (APR 2003)

(a) The Contractor shall comply with the following FAR clauses, which are incorporated in this contract by reference, to implement provisions of law or executive orders applicable to acquisitions of commercial items:

**FAR 52.212-1 – INSTRUCTIONS TO OFFERORS – COMMERCIAL ITEMS
(OCT 2000)**

(a) *North American Industry Classification System (NAICS) code and small business size standard.* The NAICS code and small business size standard for this acquisition appear in Block 10 of the solicitation cover sheet (SF 1449). However, the small business size standard for a concern which submits an offer in its own name, but which proposes to furnish an item which it did not itself manufacture, is 500 employees.

(b) *Submission of Offers.* Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. Offers may be submitted on the SF 1449, letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show--

- (1) The solicitation number;
- (2) The time specified in the solicitation for receipt of offers;
- (3) The name, address, and telephone number of the offeror;
- (4) A technical description of the items being offered in sufficient detail to evaluate compliance with the requirements in the solicitation. This may include product literature, or other documents, if necessary;
- (5) Terms of any express warranty;
- (6) Price and any discount terms;
- (7) "Remit to" address, if different than mailing address;
- (8) A completed copy of the representations and certifications at FAR 52.212-3;
- (9) Acknowledgment of Solicitation Amendments;
- (10) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and
- (11) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.

(c) *Period for Acceptance of Offers.*

The offeror agrees to hold the prices in its offer firm for 60 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(d) *Product Samples.*

When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.

(e) Multiple Offers.

Offerors are encouraged to submit multiple offers presenting alternative terms and conditions or commercial items for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.

(f) Late submissions, modifications, revisions, and withdrawals of offers.

(1) Offerors are responsible for submitting offers, and any modifications, revisions or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2)(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is “late” and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and-

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government’s control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) *Contract Award* (not applicable to Invitation for Bids).

The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) *Multiple Awards*.

The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

(i) *Availability of Requirements Documents Cited in the Solicitation*.

The offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation "DUNS" followed by the DUNS number that identifies the offeror's name and address. If the offeror does not have a DUNS number, it should contact Dun and Bradstreet to obtain one at no charge. An offeror within the United States may call 1-800-333-0505. DSCP 52.215-9I12 NOTICE: AUTOMATED BEST VALUE SYSTEM (ABVS) PROGRAM (DEC 1999)

(a) The Defense Logistics Agency (DLA) has developed the Automated Best Value System (ABVS), an automated system that collects and analyzes offerors' past performance history and assigns a numeric score. Under ABVS, contracting officers will not necessarily award contracts to offerors with the lowest evaluated price, but are encouraged instead to consider past performance and other factors and to exercise good judgment in awarding to firms whose offers represent the greatest value to the Government.

(b) An offeror's past performance is an indicator of performance risk and will be scored on the basis of past performance in the same Federal Supply Class (FSC) as the supplies being solicited. ABVS scores are calculated monthly, remain in effect for the entire month, and are based on DLA consolidated performance history. There is an FSC score, which represents the offeror's DLA-wide performance for that FSC. There is also a DLA score, which reflects the offeror's overall performance for all FSCs at all DLA Inventory Control Points (ICPs), i.e., Defense Supply Centers Philadelphia, Richmond and Columbus.

(c) To determine the ABVS score, the Government will use the following performance indicators: delinquencies, length of delinquencies, order rejections (contractor caused cancellations), product nonconformances, and packaging nonconformances. The delivery portion of the ABVS score will consist of all delinquencies (CLINs that have not been shipped in their entirety by the CDD), and order rejections for the rating period preceding the most recent 60 days. The quality portion will consist of all contractor-caused product and packaging discrepancies for the rating period preceding the most recent 30 days. To allow for delays in posting data, the delivery score will exclude the most recent 60 days and the quality score will exclude the most recent 30 days. There are no grace periods in determining if a contract is delinquent.

(d) Negative performance data to be reflected in the ABVS score will be made available to Contractors through the DSCP General and Industrial (G & I) website. A Contractor may challenge any negative data it feels is inaccurate by submitting a challenge to the DSCP ABVS Administrator. To be considered, challenges must be accompanied by evidence that substantiates the claim (e.g., invoices, DD Form 250s, modifications.) The "Center" field will identify the cognizant focal point for challenges. For those identified as "DSCP", challenges must be sent to:

Defense Supply Center Philadelphia (DSCP)
ATTN: DSCP-PPA (ABVS)
700 Robbins Avenue
Philadelphia, PA 19111-5096

Phone: (215) 737-7844

FAX: (215) 737-7949

(e) ABVS scores are updated monthly. Though contractors may challenge negative data at any time, it is to the contractor's advantage to challenge in a timely manner. Challenged data that has been investigated and validated prior to the next monthly ABVS update will be reflected in the new score. Challenges that are received before the end of the challenge period but are not resolved prior to the next monthly update will be flagged as challenged. Once the challenge is received, the ABVS score is flagged and will remain flagged until the challenge is resolved.

(1) When an ABVS score is flagged, the contractor reviewing ABVS data can see that its challenge has been received and is being investigated. The flag also alerts the contracting officer that certain data reflected in the offeror's score is being challenged and warrants further investigation by the contracting officer.

(2) When a discrepancy between the offeror's challenged data and the Government's data occurs, it becomes disputed data. The Government will make every effort to resolve the discrepancy expeditiously. However, the Government is the final authority for resolution of disputed data and its use in the source selection process, and the contracting officer may make an award decision despite the existence of an unresolved challenge.

(f) An ABVS score does not determine an offeror's award eligibility, or technical acceptability, nor does it establish or dictate a responsibility or nonresponsibility determination. The ABVS score used for evaluation will be that score in effect at the time offers are evaluated. There is no minimum volume of business required for a contractor to be scored. The contracting officer may consider the volume of business on which the performance score is based as a measure of confidence in the score's indication of performance risk. A contractor with no performance history in the FSC will be given a score of 999.9, which will identify the contractor as a new offeror in that FSC. New offeror status will not be grounds for disqualification for award. New offerors may be considered more favorably than scored offerors with a poor performance record. Also, the desirability of expanding the supplier base and possible competition enhancement in future procurements will be considered in the source selection decision when new offerors are present.

(g) Contractor caused discrepancies or delinquencies are reflected in ABVS scores as an indicator of past performance. Repair, replacement, or reimbursement of quality and packaging defects does not provide relief from negative ABVS data. Contractor caused delivery extensions, regardless of consideration paid, will be reflected in the delivery score.

FAR 52.212-2 EVALUATION – COMMERCIAL ITEMS (JAN 1999)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and past performance considered.

Options. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(b) A written notice of award or acceptance of an offer, furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer) whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award. Awards *may be* made bilaterally (two party), and the contractor's signature is required by an individual authorized to bind the company. The contract will not become effective until the contracting officer signs it.

ADDENDUM TO FAR 52.212-2

52.215-9I14 EVALUATION OF PAST PERFORMANCE UNDER THE AUTOMATED BEST VALUE SYSTEM (ABVS) PROGRAM (DEC 1999) DSCP

(a) In addition to price and other related factors, offers on this acquisition will be subject to the Defense Logistics Agency's (DLA) ABVM program, an automated system which collects and analyzes offerors' past performance history and assigns a numeric score. In accordance with the program, which is described in clause 52.215-9I12, NOTICE: Automated Best Value System (ABVS) Program, located elsewhere in this solicitation, the Contracting Officer will make a comparative assessment of performance risk by considering offerors' scores and evaluated prices, and make an award to the firm whose offer represents the greatest value to the Government.

(b) Price Vs. Performance.

☒ [X] For this acquisition, price and performance factors will be evaluated equally.

☐ [] Price is of greater importance than performance.

☐ [] Performance is of greater importance than price. See paragraph (c) for order of precedence concerning the performance factors.

(c) Quality Vs. Delivery.

☒ [X] For this acquisition, the performance factor considers quality performance and delivery performance to be of equal value.

☐ [] Quality performance is of greater importance than delivery performance.

☐ [] Delivery performance is of greater importance than quality performance.
